Apollo 40 Years Golf Tournament

Starport's 2nd Annual Golf Tournament planning is underway. Scheduled for an 8:30AM Shotgun Start on Monday, June 22, we expect a sell out again. We are playing at Wildcat Golf Club and more details are coming soon. If interested in playing, send an email to lisa.d.rasco@nasa.gov and she will send you complete details as soon as they are available.

NASA 40 Years Employee Shirts—Last Day May 15

As we celebrate the 40th Anniversary of Apollo 11's historic walk on the moon, we are offering all NASA Team Members an exclusive

shirt for only \$7 (Youth Medium—Adult XL) or \$8 (Adult 2X-4X). Shirts will be sold April 15—May 15 on our exclusive website www.apollo40years.com and will be available for pick up mid-June at Jacobs (2224 Bay Area), Lockheed Martin, Hamilton Sunstrand, or choose Starport to pick up at Building 3, Building 11, Gilruth Center, Ellington Field, Boeing, or USA.

Meet Our Staff—Lorie Shewell, Business / Retail Operations Manager

The Business & Retail Operations Manager oversees financial responsibility for all Starport operations including payables, receivables, payroll, budget, financial reporting, and staffing. Retail duties include developing new products, customers service, and merchandising the stores. We have 2 onsite gift shops and a retail website—ShopNASA.com.

Lorie comes to us from Foley's/Macy's where she worked for 26 years. She brought the Houston area stores through the transition from Foley's to Macy's then retired from the company. She began as a retail clerk in college and worked her way up to management in the business department.

She has been with us for about a year and a half and has loved meeting the people here at NASA. Talking to the customers and getting new ideas for products are her favorite parts of her job. She also likes staying up on trends and finding new technologies and exciting developments in the market place.

Lorie has great new plans for the Starport Gift Shops. She is currently planning the remodel and expansion of the Building 11 Store. She is also working on a custom shirt program, bringing in some high end space models, and enhancing customer service. And she is quick to mention if you would like a Starport Gift Shop at a large function, give her a call.

Her philosophy is "Ride it like you stole it" meaning "you should do what you want to do and don't wait until you retire." She believes you should live life to it fullest everyday and be true to your self.

When asked how she spends her spare time, she will respond "what spare time?" Lorie's daughter is a sophomore at Texas A&M University and her son is in the Navy. She does like to travel, scrapbook and is remodeling a condo at the moment. Come by the Starport Gift Shops and say hello.
